12. Landowner/Agent Certification:

By affixing my signature hereto, I certify that the information furnished herein is true and correct to the best of my knowledge and that I am the owner of the premises where the work is to be performed, or I am acting as the owner’s authorized agent, and take full responsibility for any liability resulting from a dispute arising from the information furnished herein. I agree to hold Lake County harmless as to any claim (including but not limited to costs, expenses and attorney’s fees) which may be made by any person, including the undersigned, and filed against Lake County including its officers and employees, upon the accuracy of the information provided to the County as part of this application. I further agree to assume all responsibility for compliance with private covenants, deed restrictions, easements, subdivision approvals and other similar devices. I understand that the permit issued pursuant to these regulations strictly limits construction to authorized plans on file with Lake County and to all conditions of approval attached to the permit. Any changes to the proposed construction, including additional construction, would require additional review and approval by the Governing Body. **I further understand that construction shall not commence on the proposed project until the application has been approved, the permit has been issued by Lake County, and the permit has been posted within twenty feet (20’) of the project work site, in public view. If construction commences prior to issuance of the Lakeshore Construction Permit, the applicant(s) and/or the designated agent(s) may be liable for fines, corrective actions, and/or after-the-fact permitting fees which Lake County may choose to impose.**

Date

Incomplete or erroneous applications will be returned to the applicant

When determining a timeline for your project, be aware that a permit will typically be issued within four (4) weeks of a complete application being received by the Planning Department if the proposed use and site plans conform with the standards of the Lakeshore Protection Regulations. Following submittal of this application and attached materials, any additional information the Lakeshore Administrator requests to review this proposal must be submitted within 6 months from the date of the original date of the received Lakeshore Construction Application or the applicant will be required to re-apply for a permit.

All permits issued as a result of this application shall be good for a construction period of one year. If it is determined that the landowner is diligently working towards project completion and submits the applicable extension fee, a one-year extension may be issued.
